### **Increasing Data Allowances on Mobile Devices for Home Learning**

Schools, trusts and local authorities can request mobile data increases for children and young people who:

- do not have fixed broadband at home
- cannot afford additional data for their devices
- are experiencing disruption to their face-to-face education

Children with access to a mobile phone on one of the following networks might be able to benefit:

- Three
- Smarty
- Virgin Mobile
- EE
- Tesco Mobile
- Sky Mobile

Other providers may join the scheme at a later stage.

For each request, we need to know:

- the name of the account holder
- the number of the mobile device
- the mobile network of that device (for example Three)
- your payment plan - monthly or pay-as-you-go

Please contact school with this information if you feel that you need to increase your mobile data package. You can email the school with this information:
