

We are in the final stages of developing our new online system to enable you to manage your child's school lunches, trips, uniform and more.

School Hub will replace Lunch Shop during the spring/summer term and will include several improved functionalities to aid your user experience as a busy parent.

School Hub will:

- Be fully mobile optimised, for a seamless 'app style' experience
- Offer support for children in the same family who attend different schools
- Create reminders for forgotten meal bookings
- Automate wallet top-ups via scheduled recurring payments
- Generate digital permission slips for school trips, etc.
- Allow for direct parent-to-school messaging
- Have the ability to process Childcare vouchers

We can't wait to launch School Hub at your child's school. In the meantime, scan the QR code to access FAQs and see a preview of the new system.

If you have any questions about the launch of School Hub or the system, please contact: schoolhubsupport@orian.co.uk
