Sports News

Gymnastics – The Gymnastic Teams have had a busy January. Mrs Broatch took thirty-six gymnasts to a competition last week. There were further gymnastics to be done on Saturday when the team did very well at the County Finals. And this week the team will be participating in the Key Steps Competition at the University of Cumbria. Look out for the photographs on the school website. Thank you to Mrs Broatch and all the adults involved in the gymnastics.

Football – Well done to our footballers who played in the final of the EFL cup on Saturday. This match took place at Brunton Park inside the sports hall. The boys were narrowly beaten by Belle Vue 3-2 with the winning goal coming in the final seconds. The boys stayed on to watch Carlisle United beat Walsall 2-1 in the afternoon match. Thanks to Mr Walsh for coaching the team. The footballers will be in action again next Saturday at the annual Sands Centre five a-side tournament.

Lego League

The ten Year 5 pupils from Warwick Bridge who made up the Lego Masters team went to the University of Cumbria for the Lego League Competition. Here they were pitched against nine other schools in a Robot Challenge, a talk about the Core Values of the League and a presentation about what the children have been studying in relation to the Corn Mill. The competition lasted all day and the children were given the opportunity to see other schools’ projects and work together as a team. Thank you to Mrs Kelly and Mr Hansom who looked after the team.

Assembly News

Air Ambulance – the children were all very excited to be part of the Great North Air Ambulance assembly this week. Debs, from the GNAAS, spoke with all the children and was joined by Percy the Paramedic – this was a larger than life character who waved at the children and gave high-fives. The children have been invited to design a helicopter for a competition. Details of this are on the GNAAS Facebook page.

Lego Masters – The Lego Team gave a demonstration of what they performed at last week’s competition. The whole school watched the children who programmed the robot to perform all sorts of activities.

Year 6 Heart Start

The Fire Service came to school this week to work with the Year 6 class on all aspects of First Aid. The children were shown an informative video about the need for first aid at school and home. They were then given the opportunity to work on the resuscitation mannikins and put each other in the recovery position. We are sure that the children learned a great deal from their experiences.

Upcoming Events

Swimming Gala – This takes place on Thursday 6th February at James Street Pools. Mrs Day and Mrs Brown will be organising the team.

Eden Rock Climbing – The school has the opportunity to take part in this competition for the first time. We are hoping that the children have fun and enjoy themselves immensely.

Picking up from School

If you need to pick your child up from school for a medical appointment or any other meeting please come to the front of school rather than to the door of your child’s class. Mrs Ridley will then notify the teacher of your arrival. Thank you for your cooperation in this matter.

Parent/Carer Forum

This will take place on Tuesday 4th February here at school. Please come and join the discussion about many aspects of school. Mr Walsh will be leading the forum.

With best wishes for a great weekend

Mr M Ashton
